INTRODUCTION

IN PRESENTING this catalog to the public we feel that the animals are of rare value and they have the pedigrees to back it up. It has been our custom to sell only cattle that we would like to keep, and it is gratifying to us to know that the cattle we have sold have been unusually satisfactory to the purchasers—an asset which we feel is worth a great deal to us. Most of the cattle are only in useful breeding condition as we have found that they give much better satisfaction to have them in just the kind of condition we would like to keep them in. The young bulls are well developed and we have no apology to make for them; they are a great lot—splendid colors and have the right general conformation. Anyone in want of a high-classed herd bull can find them in this sale. Quite a number of the younger bulls are undeveloped; with three months fitting will make show bulls of the highest order. The female offering includes a lot of young cows—many of them we would like very much to keep in our herd, but in this, as well as in all of our sales, we have felt it to our interest to make an even division with the public, and the public will get a chance to buy cattle in this sale as good as we have ever raised and from some of our very best families. A number of these families have been retained in our herd with the expectation of some day sending a Maxwalton bred shipment to South America. We believe that we have Lavenders and Duchess of Glosters in greater numbers than they could be found elsewhere in either country. We do not feel that any catalog has ever contained as many representatives of the standard Cruickshank and Scotch families as this catalog, i.e., to have the pedigrees close up to the Sittyton, Collynie and Bapton Manor herds. We feel that the South American trade will undoubtedly come back much stronger than ever before, and herds containing such pedigrees as these are undoubtedly going to have the patronage.

We have made it a policy never to put our sale cattle in condition so as to injure their breeding value. We do not want to make all the money there is in them and would rather sell them in such condition that we know they will go ahead and be profitable to the purchasers. We are in the cattle business not only because we find it profitable but because we like the business and like the people with whom we do business, and our aim at all times has been to keep ourselves right in the eyes of the public and to give them their money's worth and to have our cattle go to people that we know will make money out of them.

Many of the offering are sired by IMP. RODNEY and by sons and grandsons of AVONDALE. A number of the females are in calf to RODNEY and to MAXWALTON MONARCH. On account of having used MAXWALTON MONARCH so

much in the show ring we do not have as many calves sired by him as we would like, but practically every calf by him has been an outstanding individual and we intend that he shall be used more in the future as we feel that he is one of the great sires of the breed. We admit that he has met defeat on but very few occasions, but even at that he has made the full show circuit for three years and never has taken defeat in class, and it is doubtful if either of the bulls that defeated him in championship would have made the same circuit of shows as he did and come out fit to show, far less head the class. He is the right kind, is built right and has the constitution to withstand hardships.

AMERICAN CERTIFICATES OF REGISTRY will be furnished with each lot sold.

GUARANTEE: Every animal sold as a single lot is guaranteed a breeder. Cows with calves at foot have of course proved themselves breeders and no further guarantee is necessary. Should any cow or heifer that has passed over six weeks fail to be in calf a refund of 10% of the purchase price will be made, but this does not apply to cows that have calves at foot. The purchaser has the option to accept 10% refund and get them in calf to his own bull or return them to be got in calf. Should any animal, after a reasonable trial by us, fail to be a breeder an animal of equal value will be given in their place.

SHIPPING: All cattle will be put on board the cars and billed to purchasers, and will be insured against death from any cause at the purchase price until August 1st. This will insure the purchaser of having the animal delivered at his farm safe and sound without risk from any hazard. The HARTFORD LIVE STOCK INSURANCE COMPANY carries the insurance and will pay the purchase price should any of these animals be rendered useless or die from any cause. Should any animal fail to pass the Tuberculin Test 60 days after sale by Deputy State or Federal veterinarian the animal can be returned to us and another one given in exchange or money refunded. It is of course understood that cattle cannot always be tested when the 60 day period expires, and it is ruleable that any time from 60 to 90 days should be satisfactory, but we feel that there is little fear from the Tuberculin Test as we have been testing our entire herd annually since 1909 and it is very rare that any animal we have sold has failed to pass the test. You take no risk in buying from us as every animal is fully guaranteed and protected by insurance. WE ARE IN THE BUSINESS TO HELP YOU AND ASK YOU TO MAKE IT YOUR BUSINESS TO HELP US.

TERMS: Cash. If any credit is desired special arrangements must be agreed upon before the sale.

Very respectfully,

CARPENTER & ROSS

Collynie Radiant was conceded by Mr. Duthie to be the best calf of the lot in the Collynie sale that year. He was rather unfortunate in having been sold to a herd where he was badly done; we got him back last year and it has taken the whole year to get him around so he is again presentable. It is well to say that he was returned for no fault whatever so far as the bull was concerned. He is straight, level, has an excellent head and is beautiful red in color. He is sure active and there is no apology to make for him in any way. He has an enlarged knee which has been there for the past year or more but we feel it will never hurt him in any way. Anyone in want of a high class bull of the best of breeding can make no mistake in him. He is a good doer a good feeler and represented right in every particular.

Royal Rodney is from our good "Roan Lady" tribe, his granddam being the dam of **Maxwalton Commander** and **Maxwalton Roan Lady**—two of the best known show animals of the last decade. This bull met with an accident last year, having his neck hurt in a fight which has somewhat stunted the growth of him, but he is right in every way and we have been using him considerable.

Maxwalton Ruler is from the great breeding cow "Rosewood Pride". He has exceptional scale for his age, is a beautiful roan and will develop into a great bull. He is in but medium condition but is thickening out very fast. It must be remembered that "Rosewood Pride" is the greatest breeding cow at the present time. Several of her calves have not done so well in the start but have always thickened into great individuals. It is doubtful if a "Rosewood" pedigree would have become so popular were it not for this bull's dam and granddam.

A very nice dark roan, as was his dam. The bulls on top of the pedigree—Rodney, Proud Emblem and Royal Stamp, were all great individuals, PROUD EMBLEM having been one of the greatest bulls of his time in Scotland. Anyone in need of a show bull and a great sire can make no mistake in this one. We think he is as good a bull, or perhaps the best bull, we have put out for some time. He is very pleasing throughout, has exceptional heart development and exceedingly well ribbed. His head could not be beat and his general conformation is perfect.

Maxwalton Ringleader was about the top bull of the lot last year. He is a beautiful mixed dark roan. Would have been in our show herd but he met with an accident and was knocked out for some time but has been doing very well of late. His mother is also a beautiful dark roan, and his grandmother, the great breeding cow—"Rosewood Pride". This bull is sure to make a great sire. He is in but medium condition at present but is the right kind and a valuable one to own.

Maxwalton Eclipse is pronounced by many as the greatest bull in the offering, and some say they doubt if we ever put one out his equal; at any rate he is the thickest, nearest to the ground and has the most development for his age of any bull we have offered. He is a good roan and a very valuable individual. His dam is one of our very best cows—one of the kind that we would not consider parting with. This is a show bull and will make a great sire.

Maxwalton Lucifer is a very thick, robust individual. He is rather a light roan. His dam "Lady of the Lake" won the senior yearling class at the Royal in England; she was the best cow in the Sherbourne herd and we had tried to buy her for several years before we got her. She was one that was bought with an idea of retaining in our breeding herd. She is a Shepherd "Waterloo" and was conceded to be of the best family in the "Shethin" herd. This bull is thick and soggy—is hard to beat in the show ring and cannot help but make a great sire.

A beautiful roan and is from an exceptionally good young cow. This calf has not done quite as well of late as we think he should, as he is one of the very best, but is doing exceedingly well now and we predict that he will make a great show bull and cannot help but make a good sire. His dam is a true Scotch type—low and thick, with perfect conformation.

Maxwalton Augustus has been rather handicapped. He was from one of the best cows we sold last year and while nursing his dam was as good a calf as we had ever seen, but on account of his dam having been sold he had to be transferred to a nurse cow and did not do well but he has been doing exceptionally well for the last two months and is now coming very fast. We feel that he will develop into a good bull and a great sire. He is bred right and has good general conformation.

Maxwalton Regalia is a splendid individual—is a beautiful dark roan with good head and good general conformation. His dam is from the same cow as **Maxwalton Commander** and **Maxwalton Roan Lady**. This calf is bred right and built right to go to one of the best herds. He would be hard to beat in the show ring; his breeding cannot be beat—neither can his general appearance, and he cannot help but make a great sire.

Maxwalton Domino is a beautiful dark roan and is developing very fast. Some would call him the very best calf of the lot; he was one of the best young calves and up to the time he was four or five months old we felt that we had seldom seen his equal, but he was overdone just a little and did not look so good for some time but has begun to come again and cannot help but make a good one. His dam is one of our good cows, is also a beautiful dark roan and has the right general conformation. We would predict his making a great sire.
